Intro

Granny Bells Wrap Top is made with two granny triangles to wrap across the front, one granny square to cover the back, a slst ch tie, and two sleeves with increases. This pattern is made-to-measure. Remember that there is lots of stretch in acrylic, so plan for negative ease for a fitted look, or crochet to your exact measurements for a little room.

Materials

- Worsted weight acrylic
 - I used Super Saver Latte Stripes (~800 yds) to make a size M/L
- 5.5mm hook
- Scissors
- Yarn needle

Measurements

- chest circumference measurement
- top of shoulder to mid-bicep

Sections

Front Triangles

Begin with a magic ring, ch3, dc2, ch1, dc3. Turn, ch3, dc2 in first st, ch1, [dc3, ch2, dc3] in ch1 sp from previous row, ch1, dc3 in last st. Turn and repeat this stitch pattern until your triangle half your bust measurement when you measure from the center cluster across to any right angle side. Make 2.

Back Square

Make a granny square for your back. Begin with a magic ring, ch3, dc2, ch1, dc3, ch1, dc3, ch1, dc3, ch1, slst to beg ch3. Next round, ch4, [dc3, ch2, dc3] in next ch1 space, ch1. Repeat around for 4 corners, last corner will be [dc3, ch1, dc2, slst in beg ch3]. Repeat pattern, doing {dc3, ch1} in ch1 spaces, and [dc3, ch2, dc3] in corners. Match your granny square width to the width of your front two triangles, when you put them together to make a square.

Attaching Front to Back

Seam your top points of your triangles to your back square. Start seam at mutual corners, then bring one or two clusters from the triangle up to create a wider shoulder seam. In other words, a few of the clusters along the diagonal side of the triangle will need to be seamed to the back square.

Create your side seams, attaching back square to two triangles along right angle sides. Diagonal line should be creating your neckline and right angles should be creating the bottom and side seams.

Neckline

Sc two rows along two triangle diagonal edges and the top of the back. You may want to decrease a few stitches where the triangles and back meet to make a narrower neck opening and keep the top from slipping off your shoulders. Fasten off.

Ties & Hem

Create your ties by chaining the length you want. I chained 100 for a 35" waist. Sk the first ch and slst down your chain. Slst into the first st of the bottom of your top, starting at one triangle point. Ch1, sc across, ch 100, turn, sk first ch, slst down, sc across the bottom. Slst to your ch to make it look seamless. Fasten off.

Sleeves

Attach your yarn in the armhole seam and repeat the granny cluster st pattern until you reach half your bicep. For the next row, increase twice, evenly around the sleeve with a [dc, ch1, dc] in the ch sp. Next row is regular st, no increases. Repeat the 2 inc row, alternating with a reg row until you get the length you want. Finish each sleeve with two rows of sc.

Weave in your ends (if you want) and you are done!

Thank you for trying out this free pattern and supporting me as a designer!
